## Meet the Dentist

Hi, my name is Dr. Altdorfer. Moving here to Boulder and starting my own dental has been a dream of mine as far back as I can remember. When I was young my parents would bring me out here every summer and winter to hike and ski, and I fell in love with Colorado. That's why Experience Dental pledges to plant a tree for each new patient we see, so we can do our small part to give back to this beautiful place. I'm so excited to be able to share my dream with you, and I look forward to meeting you in person!
